With a holistic approach to risk identification, management and mitigation, we're driven to help your business adapt and thrive amidst change. Rather than just pay covered claims when things go wrong, we focus on making a real contribution, so your business can go beyond the unexpected.

At AXA XL, we work closely together with other AXA teams around the globe to provide you with the most holistic service and relevant solutions.

Broad range of insurance solutions

For mid-sized to multinational clients, AXA XL Insurance offers more than 30 lines of business, including Property, Casualty, Cyber, Construction, Financial Lines, Life, Accident & Health and Environmental. We are also a leading player in Specialty insurance, including Aerospace, Art & Specie, Marine, Motor, Political Risk, Credit & Bond, and Crisis Management & Special Risks.

Innovation, insights, and technology with a partner approach

It starts with a strong and efficient capital platform, data-driven insights, leading technology and a flexible approach. Driven by a culture of superior service, our talented and recognized teams are empowered to create relevant solutions across all our lines of business. Whatever path your business is on, we'll be there, protecting what matters, wherever and whenever you need us.

Your partner for Multinational Solutions & Captives

As the world's largest commercial P&C insurer, we have the underwriting capabilities, geographic reach and financial strength to help you take your business further, whether that's growing in existing markets or expanding into new, less familiar ones.

Identifying, mitigating and managing your risk

AXA XL Risk Consulting offers flexible, comprehensive risk management solutions. We're an innovative partner you can rely on to help make your business more competitive, improve your risk profile and achieve operational excellence.

Protecting what matters. For business and society.

At AXA, we believe that insurance is a force for progress:

Risk Consulting

Solutions

The world becomes increasingly complex, unpredictable and inter-connected. To manage and mitigate the risks your business faces you need a strong global partner.

We offer customized risk management solutions and consulting services to understand and quantify the risks your company faces or may face tomorrow. We help you avoid preventable losses and minimize the impacts of events beyond your control.

Services

Services offered as part of your insurance program or on a standalone basis

Target clients

Large/multinational corporations and medium-sized businesses across industry sectors, including aluminum and steel, automotive, cement, chemical, construction, defense, financial institutions, food services, healthcare, hotels & resorts, infrastructure, local/ state government, manufacturing, non-profit, pharmaceutical, pulp & paper, real estate, retail, semiconductor, telecommunications, and utilities.

Additional Information

- Close to 400 risk consultants worldwide
- Supporting more than 2000 clients in over 130 countries
- Secure, online client portal enables management of risk engineering data in real time, including recommendation tracking, risk profiling and over 30 customizable reports.

Our Claims promise

Our Claims promise

When you buy an insurance policy, you're buying a promise. Our promise is to deliver an exceptional claims experience.

With AXA XL's global footprint, culture of service and unparalleled expertise, we'll be there for you – wherever and whenever you need us.

Global reach, local empowerment

Our Claims professionals deliver uncompromisingly high levels of service and are positioned to manage covered claims in more than 200⁶ countries and territories.

We understand the nuances and unique challenges of local jurisdictions and are locally empowered to address and resolve claims promptly and fairly.

Personalized service, proactive partner

We take a personalized approach to engaging with clients and brokers – to get to know your business, proactively share insights and best collaborate with you. We hold ourselves accountable, and value hearing from you on whether we're getting it right and how we can make it better.

6. Country capability count is based on the International Organization for Standardization (ISO.org) country code listing – ISO 3166

Fresh thinking on risk

Fast Fast Forward, our award-winning thought leadership platform, provides articles, interviews and podcasts on a diverse range of risk topics, including technology, innovation and business trends. **Read more** and subscribe if you'd like to receive regular updates.
